## General Information

Jim Clark was one of the first to catch the vision of Shorthorns with everything . . . but the horns! He bought his first Polled Shorthorn bull over 30 years ago . . . "Fancy Coronet X" by Thiemann's Champion at the Iowa State Fair. His son "Coronet Sunshine X" was a great show bull and a great breeding bull.

They used "Lanedale Fascination X" in the herd, the second highest selling bull at the Chicago International Polled Shorthorn Sale, he by "Carona Fascination X" who was the Chicago International Reserve Grand Champion and many times winner of the Get of Sire classes for Lynnwood Farm, Carmel, Indiana.

Clarks have produced sires for leading breeders across Canada—from Eastern Ontario to Western Alberta: "Coronets Ransome X" to Ben Franklin, Kingston, Ontario; "Fancy's Rival X" to William Webster, Orion; and "Coronet Sunshine X" to Dave Ball, Edmonton. In Manitoba they have supplied bulls to Edmundson Brothers, Oakville; Sam Goodman, Wellwood; Wilsons of Pilot Mound; and D. H. Bain and E. R. James, Grosse Isle. All of these are top herds that have produced more than their share of herd bulls.

You buy the best at complete dispersions—here is a herd that has great depth of Polled breeding and high quality. Females from this herd will make the best Polled Shorthorn foundation material—the bulls are of herd bull calibre.

Shorthorns . . . for meat, milk and profit . . . without horns!
